

## Working student (f/m/d) for group technology communication

**Location:** Krefeld, DE

"Do you bring excellent communication skills, have a passion for technology and innovation, and are eager to support us in shaping the communication framework and elevating the visibility of a central function in a global company?"

If you have answered yes to all three questions, we welcome you to read further and discover an exciting job student opportunity as Communication Student that Outokumpu has to offer at the CTO (Chief Technology Officer) office in Krefeld.

Outokumpu is accelerating the green transition as the global leader in sustainable stainless steel. Our business is based on the circular economy: our products are made from 95% recycled materials, which we then turn into fully recyclable stainless steel. This steel is utilized in various applications across society, including infrastructure, mobility, and household appliances. We are committed to 1.5°C target to mitigate climate change, and with up to 75% lower carbon footprint than the industry average, we support our customers to reduce their emissions.

Together, we are working towards a world that lasts forever. Outokumpu Corporation employs approximately 8,500 professionals in close to 30 countries, with headquarters in Helsinki, Finland and shares listed in Nasdaq Helsinki. Read more: [www.outokumpu.com](http://www.outokumpu.com)
